

12" Flexible Tripod

Mount and secure your digital camera, webcam, phone or device with our 12" Flexible Tripod. With standard 1/4" mounting screw, this tripod works well with most digital cameras, GoPros, phones, and webcams that have tripod mounting capability. A design that includes a removable and adjustable clamp works well for those looking to mount a variety of devices. Create unique angles and perspectives using the flexible, moldable rubber legs, which allow for easy attachment to just about anything.
